→ Develop a strategy for clients to solve their pain points.
→ Design wireframes for UI/UX development.
→ Create logo designs for clients' corporate identity.
→ Set up files for prepress production for print collaterals.
→ 3D space design consultant and designer.
→ Strong eye for creative direction with photography.

NOV 2016 TO JUL 2018 — DESIGN STRATEGIST | SPACE PLANNER
BITWISE INDUSTRIES, FRESNO CA

→ Developed and designed a space plan, interior/exterior, branding and collaterals from concept to completion for :

    Hashtag, Hotel Virginia, 2125 Kern St, Fresno, CA - 5K SF
    Bitwise HQ, 700 Van Ness Ave, Fresno, CA - 52K SF
    Fresno Unified School District, Suite 219, 700 Van Ness Ave, Fresno, CA - 3K SF
    The Bitwise Hive, 2600 Ventura St, Fresno, CA - 50K SF
    Bitwise 41, 2721 Ventura St, Fresno, CA - 75K SF
    Statecenter Warehouse, 747 R St, Fresno, CA - 100K SF

→ Successfully designed and managed space planning for Bitwise Real Estate Companies.
→ Coordinated with Architects, Engineers and Project Managers for project construction completion.
→ Designed custom installations and collaborated with contractors to ensure standards and timeline are met.
→ Provided interior design consultation and 3D renderings to tenants.
→ Managed budget to purchase furniture, lighting, appliances, exterior signage and branding collaterals.
→ Consistently resolved complex design issues and ensured complete execution.

AUG 2014 TO NOV 2016 — UI/UX DEVELOPER | GRAPHIC DESIGNER
</> EDIT LLC, FRESNO CA

→ Creative Director and Web Developer for Edit LLC, Montage for Ag, and Buildicus.
→ Lead UI / UX designer for product Buildicus.com.
→ Designed the 3k sf office space to accommodate 30+ employees.
→ Designed and developed marketing assets through web, print, and social media.
→ Led a team of (5) interns to QA, design and develop internal products and client-side projects.
→ Worked directly with stakeholders, product owners, product managers, developers, testers and customers to define features and technical user stories.
→ Worked with a diverse team to track, manage and resolve technical issues.
→ Provide week-to-week tactical objectives to scrum team.
→ Drive and owned backlog management, prioritized the iterations, testing, delivery and scheduled budget

MAY 2014 TO MAY 2015 — FREELANCE UI/UX VISUAL DESIGNER | GRAPHIC DESIGNER
SHIFT3 TECHNOLOGIES, FRESNO CA

→ Lead designer proficient in delivering high-level projects in a timely manner.
→ Created a storyboard for clients and designed visual layouts.
→ Created mock-ups in Adobe Illustrator and Adobe Photoshop for both responsive web and mobile.
→ Coordinated with Project Manager and clients for standard deliverables, design functionality, and timeline.
→ Designed branding collaterals including company logos.
→ Worked directly with developers to ensure user-interface is responsive and user-friendly.

MAY 2014 TO MAY 2015 — INSTRUCTOR ASSISTANT
GEEKWISE ACADEMY, FRESNO CA

→ Assisted the instructor in a 6-week course - Websites for beginners
→ Developed and designed a project plan for students for building a website in HTML5 and CSS3.
→ Developed and taught a user-interface/user-experience and design class.
→ Analyzed student's level of experience and created a plan for growth.
→ Created a plan to execute the phases of design and development.
→ Volunteered time for mentorship in design aesthetics.
